

## **Daddy's Love**

**Sad guarded eyes scan the room, her  
longing clearly shining behind a plastic  
façade of beautiful hair and makeup. A  
bright smile pasted on trembling lips.  
Desperately trying to hide past hurt.  
Three simple words whispered cause  
her to loosen her deadly grasp on her  
tightly controlled emotions. After a  
lifetime of searching, she finally finds  
what was right in front of her all  
along, Her Daddy's Love.**
